Key Takeaways of the Book

LIVE IN DAY-TIGHT COMPARTMENTS

Focus only on today. Don't dwell on the past or worry about the future.

ACCEPT THE WORST-CASE SCENARIO

Imagine the worst that could happen, accept it mentally, and then work to improve the outcome.

DON'T WASTE TIME ON THE INEVITABLE

If something can't be changed, accept it and move forward instead of agonizing over it.

KEEP BUSY

An idle mind is fertile ground for worry. Keep yourself engaged with meaningful work or hobbies.

USE THE LAW OF AVERAGES

Assess how likely it is that what you're worried about will actually happen. Most fears are unfounded.

ANALYZE AND SOLVE WORRY

Break the worry down: What's the problem? What are the causes? What are possible solutions? What will I do about it?

**DON'T LET
CRITICISM GET
TO YOU**

Understand where it's coming from, and take constructive parts only if necessary.

**COUNT YOUR
BLESSINGS, NOT
YOUR TROUBLES**

Gratitude and perspective help reduce anxiety.

**DON'T IMITATE
OTHERS – BE
YOURSELF**

Trying to be someone else breeds anxiety. Embrace your individuality.

**REST AND
REJUVENATE**

Physical health is tied to emotional health. Fatigue intensifies worry. Prioritize rest, sleep, and breaks.
